SUBJECT: Long-Term Care Plan for Federal Employees Introduced  
in Senate

1. Senator Peter Wilson (R., CA) introduced a Bill (S 1738) on 30 September 1987 which would allow Federal employees to convert part of their Federal Employees Group Life Insurance (FEGLI) into long-term health care coverage. Under the provisions of the Bill, employees would pay a premium each pay period and, after 10 years, be eligible for coverage for nursing home care. There would be a concomitant reduction of the death benefit under FEGLI.

2. A copy of the Bill is attached for comment.
